Address: Vadner Bhairav,Nashik-423111

Python/React Developer with hands-on experience in building full-stack web applications using Python, Django, React, MySQL, and REST APIs. Skilled in developing responsive user interfaces, integrating APIs, and writing clean, maintainable code with a strong understanding of React components, hooks, state management, and backend development. Passionate about solving real-world problems, continuously learning modern technologies, and delivering scalable, high-quality software solutions.

SKILL SET

- **Programming Languages :** Python, JavaScript ES6+, SQL
- **Frontend Technologies :** React.js, HTML5, CSS3, Tailwind CSS, shadcn/ui
- **React Skills :** Components, Props, State, Hooks, React Router, Event Handling, Forms, API Integration
- **Backend Technologies :** Django, RESTful APIs, MVT Architecture.
- **Database :** MySQL, SQLite, CRUD Operations
- **API & Testing Tools :**Postman, Swagger (OpenAPI), JSON
- **Version Control :** Git, GitHub
- **Development Tools :** Visual Studio Code, PyCharm
- **Data Science :** NumPy, Pandas, Matplotlib
- **Operating Systems :** Linux (Ubuntu), Windows
- **AI & Productivity Tools :** ChatGPT,Cluade, GitHub Copilot, Gemini AI
- **Programming Concepts :** Object-Oriented Programming, Functional Programming, Exception Handling, File Handling, Authentication ,Authorization
- **Soft Skills :** Problem Solving, Analytical Thinking, Team Collaboration, Communication, Debugging, Quick Learner, Time Management

PROFESSIONAL EXPERIENCE

React Developer — 2026 - Till

Digital Spirit Pvt Ltd, Nashik, Maharashtra

- Developed reusable React components using functional components and **Hooks**.
- Integrated REST APIs using **Axios** for fetching and updating product information.
- Implemented product listing with server-side pagination.
- Added dynamic search functionality for quick product lookup.
- Developed multi-level filters including Type,Unit, and Status.
- Built Edit Product functionality with pre-filled forms using React Router.
- Managed application state using React Hooks **(useState, useEffect).**
- Designed responsive UI using Tailwind CSS and **Shadcn/UI** components.
- Implemented form validation before submitting data.
- Consumed and tested APIs using **Swagger** and **Postman**.
- Improved user experience with loading indicators and empty-state handling.
- Organized the project into reusable components for better maintainability.
- Followed Git workflow for version control and code management.

Python Developer Intern — Aug 2024 – Feb 2025

The Kiran Academy, Pune, Maharashtra

Completed a Python Developer Internship where I contributed to the development of a web-based Online Examination System using Python, Django, and MySQL. Worked on backend development, database design, user authentication, CRUD operations, and Django MVT architecture while gaining hands-on experience in REST API integration, debugging, testing, and writing clean, maintainable code.

Key Technologies :

Python | Django | MySQL | Django ORM | REST API | HTML5 | CSS3 | JavaScript | Git | GitHub | Postman | MVT Architecture

PROJECT

Online Assesment System :

- Developed a web-based exam platform using Django and MySQL, allowing students to take exams, view results, and track performance
- Implemented features such as user authentication, real-time exam taking, and automated grading for enhanced user experience
- Enabled teachers/admins to manage exams, questions, and view detailed performance analytics

EDUCATION

2024 BBA(Computer Application) :-M.V.P.'s Commerce Management And Computer Science College, Nashik, Maharashtra

2020 HSC :- M.V.P.'s Janata Junior College, Vadner Bhairav, Nashik ,Maharashtra
